Our Standard Website Design Package — Complete website with domain name and hosting for one year

Domain name registration — Palmerworks can help you select the perfect domain name if you don't already have one. Our price includes your domain name registration for one year.

Design, maintenance, & support — Palmerworks will design a great-looking 5-page website for your business that incorporates your logo and digital photos. We give personalized service and can even write your web content. Maintenance includes limited monthly updates on coupons or scheduling: whatever your site needs to keep its content up to date. Once your site is online, we'll continue support for one full year, so you can be assured that your site is up and running smoothly.

Hosting — This package includes one year of hosting at no extra charge.

Email accounts — You'll receive up to five email accounts with your domain name. What does this mean to you? You can receive personalized email to your new address: yourname@yoursite.com. It looks more professional, yet can also be forwarded to your Yahoo, Gmail, AOL or any other pop3 account that you already own.

The price of this complete package, including domain name registration; 5-page site design and set-up, 5 email accounts; and hosting for one year is \$475. Each additional year of hosting is only \$75.

Business Card Site — One page, no frills, great price

If you'd be content with just one page that tells about your services, with no monthly updates or extras, we have a special package that meets your needs. We will design a one-page business card site and host it for a low, low price. This price includes domain name, one-page website design, and hosting only.

The business card site includes domain registration, one-page site design and hosting for one year, and is just \$225.

Customization — Tell us what you need...

If you don't see what you need in these packages, contact us for more information. Palmerworks can customize a site for you, add dynamic content (like a blog or calendar), or even redesign your current site. We also offer consulting services.
